Trailer Mounted Heavy Duty
Trash/Diaphragm Pump

SPECIFICATIONS

Pump Type

- 6" self priming trash pump
- Quick self priming up to 28 feet wet priming
- If the pump goes dry and loses its prime, as soon as there is water again the pump must automatically re-prime itself
- Large solids handling capacity of 3" diameter
- Heavy-duty cast-iron construction

Suction/Discharge

- 6" NPT(M) discharge elbow
- 6" NPT (M) suction nipple
- Suction lift of 28 feet

Trailer

- DOT trailer with light package; tongue assembly with 3" lunette eye hitch and safety chains; 15" retractable jack stand with one front and two rear stabilizing stands, steel diamond plate fenders; leaf spring suspension.

Fuel Tank

- Integral fuel tank with clean-outs, engine safety shutdown (low oil pressure and high head temperature), tachometer, hour meter, vacuum gauge, fuel gauge, battery, suction strainer, NPT(M) discharge elbow and NPT(M) suction nipple

Impeller

- 2 vane balanced semi open type

Seal

- Tungsten carbide

Engine

- Deutz Diesel – 35hp & 1800 rpm

Delivery

- All delivery fees must be included in the bid amount. The pump must be delivered to **321 South Thomas Avenue, Sayre, Pennsylvania 18840** within 45 days after receiving the notice of award.
