**Presentation of Bids** – Mr. Jarrett presented the bids for the South Hopkins /Woodworth Infrastructure Project and explained that the apparent low bidder of that main project is Vacri Construction of Binghamton, NY. Mr. Jarrett stated that after the project specifications were advertised, the Public Works Committee requested that bids also be submitted for paving and curbing work, and two addendums were released to bidders. Mr. Jarrett explained that Vacri Construction would no longer be the low bidder if the Borough Council awarded the main project and both addendums. Mr. Jarrett also explained that Vacri Construction was awarded the bid for Aqua Pennsylvania's upgrade of water lines and service lines on South Hopkins Street and having one contractor would make coordination of the work much easier to manage. Ms. Sabatura asked if Vacri Construction had done any previous work for the Borough, and Mr. Jarrett stated that the company had been awarded previous bids for pump station projects. Mr. Jarrett stated that it was his recommendation to award the main project to Vacri Construction in the amount of \$277,000, reject both addendums, and advertise for bids for milling and paving work.
